
UCLA

Applications for the 2026 Physiology Outreach Program (POP) are open until April 21st 2026

POP gives high school students a unique opportunity to conduct four weeks of hands-on scientific research in the laboratory of a UCLA professor (in July 2026)

Requirements **include strong interest in science or healthcare professions**

To apply **email us:**

1. **your resume**
2. **an explanation why you want to take part in the program (500 words)**
3. **a statement of your plans after high school (500 words)**

To apply, please add your name and email address to all the files, include your full name in the file titles and send materials to:

Tom Vondriska (tvondriska@mednet.ucla.edu)
Jeff Abramson (jabramson@mednet.ucla.edu)
